ORDER INFORMATION

Adapter LC Quad metal: MST-62-
QFBL-M

Adapter MIL LC Quad meets the growing demand for small form factor and high-density fiber optic connectivity.

Adapter MIL LC Quad reduce space requirements by 50%, over 2.50mm ferrule connectors, without sacrificing performance. The adapter have both snap-mount and screw-mount, ceramic alignment sleeve.

MIL LC QUAD

- Adapter MIL LC Quad in metal with ceramic alignment sleeve.
- Operating temperature -40 — +85 °C.
- Storage temperature -40 — +85 °C.
- Quad version.
- Screw-mount and snap-mount.
- Optimizes insertion loss performance.
- Press-to-release design for ease-of-use.
- Tested to Telcordia GR-326 and Compliant to TIA/EIA-604-10A (FOCIS-10).
